

AMERICAN TRADERS

Winter 2013-2014 Toboggan & Sled Drop Ship Price List

August 1st 2013

TOBOGGANS

American Traders Toboggans are handmade products designed after an antique model that was featured in a popular mail order catalogue in the 1920s. **Deluxe** toboggans are made out of 5/16" steam-bent hardwoods and contrasting brown mahogany stained slats with a natural colored breastplate. A heavy-duty acrylic finish ensures a lifetime of fun in the snow. Toboggans come with non-manila side and tow ropes. **Premium** toboggans are made with red or brown stained 7/16" extended edge and center runners for added strength and speed. Optional red vinyl covered toboggan pads are available to complete the authentic tobogganing experience. Toboggans are available in 3 lengths, 5ft, 6ft and 8ft.

All of our toboggans and sleds are 'Made in America' at our own facility in Vermont, assuring the utmost in quality. For added comfort we recommend that all toboggans and sleds be used with pads. **Call for large volume pricing.**

SLEDS

Made of steam-bent and red stained hardwood, the American Traders Baby Sled (for children up to 60lbs) features a comfortable, curved back support and is the perfect way to introduce a young child to outdoor winter fun. Our wooden swivel-handle system gives the puller complete control of the sled even over bumpy terrain. Baby Sleds come with a combination of red and natural horizontal back slats.

A Baby Sled with pull rope instead of a handle is also available. With a durable exterior clear acrylic finish, these sleds will last for many years and are destined to become family heirlooms.
